ATLANTIS-LITE

Lite RIB Tenders

A240 • A270 • A300 • A330

A300-LITE

ATLANTIS-LITE tenders are created for customers who are looking for RIB tenders with the lightest weight possible. At such a low weight, they are very roomy and fully loaded with a number of great features, making these dinghies your very best choice.

The size range includes four models: A240, A270, A300 and A330.

Their best selling features:

- Standard bow step panel - perfect way to utilize space at the bow; step on it, sit on it or strap the fuel tank below.
 - Easy and quick getting on plane and a remarkably dry ride with «GALA TABS».
 - Sliding seats installation system - most convenient way to organize the cockpit.
 - Elegant lining and decoration of expertly equipped boats with original GALA fittings.
- Every boat is available with either VALMEX or HYPALON tubing, coming in a variety of colours.

ATLANTIS-DELUXE

Mid-size Cruising RIBs A450L • A500L

A450L with arch

ATLANTIS A450L and A500L are the medium size aluminium hull RIBs with an open cockpit and a nice selection of consoles. If you are looking for something spacious, light and easy to handle with exceptional performance, then these will be your best choice. Both models are great as a family boat, a boat for watersports, fishing or even using as a coach or rescue boat for yacht clubs or professionals.

Both models come with C-05 steering console and S-03 double seat. The steering console features a high profile windshield and railing, high enough to drive standing and to protect the driver from the wind. Foldable seat back makes the rear cockpit area easily accessible and more useful.

There is a wide selection of options like bow step plate, heavy duty towing arch, built-in fuel tank and more. That can easily make the boat perfectly fitting to your needs.

The unbeatable performance and remarkably dry ride with «GALA TABS» make these models stand out among the competition.

Every boat is available with either VALMEX or HYPALON tubing, coming in a variety of colours.

V500 with T-top

V500
500 cm (16' 5") long
100HP max, 9 pers

VIKING V500 is one of the most popular models in GALA line. This model opens a new extensive series of cruising RIBs with aluminium hulls, suitable for heavy sea conditions and high waves.

This model is 5 m (16'5") long, rated for 100HP engine, being the most compact RIB with four-units cockpit configuration on a market. It features:

- 1- Bow locker with cushion and seat back,
- 2- Alu welded steering console with front seat,
- 3- Alu captain seat with two storage compartments, three handrails and folding up seating,
- 4- Wide rear seating with folding seat back and large rear storage compartment.

Two rear walking platforms with motor well add a nice touch of comfort and safety.

The boat comes with some unique optional features from GALA:

- Original GALA T-top with aerodynamically profiled framing.
 - Heavy-duty welded towing arch with two mooring cleats and waterski towing post.
- These make this model an excellent choice for watersports, family cruising or just relaxed boating across the waves.

The boat comes with two choices of tube material: either HYPALON, or VALMEX with nice selection of colors and original GALA styling.

V500 with T-top

5 reasons to choose GALA!

FREESTYLE tenders from GALA are represented across 4 models and constitute a new and fresh design in the class of foldable boats with floorboards or airdeck. Key features are:

- Each model is equipped with the «GALA-JET» inflatable tube, allowing for an impressive carrying capacity and power rating.
- Each model comes with two aluminium sliding seats (1 on F240) and aluminium floorboards.
- Every unit is expertly equipped only with genuine GALA fittings and accessories.

There are four models in the series and two flooring options:

- F240, F270, F300, F330 - with solid aluminium floorboards and inflatable keel
- F240A, F270A, F300A, F330A - with high-pressure airdeck and inflatable keel.

In creating this line of tenders, we offer something entirely different in comparison to other boats available on the market: unprecedented quality of design, engineering and craftsmanship in each boat.

FREESTYLE Sport

Foldable Riders

F360 • F390 • F420 • F450

FREESTYLE - Sport boats are excellent for runabouts, recreational family and professional use, when you need a light and portable boat capable of planing quickly or with many passengers on board. Each GALA model features a number of unique GALA designs, and GALA Freestyle SPORT boats will be your best choice as a roomy boat for applications like scuba-diving, fishing or cottage boat, yacht club coach boat or for a number of other semi-professional applications. It's heavy duty reinforced transom is designed for outstanding strength, wear resistance, and longer product life. Large diameter inflatable keel creates a high-performance Medium-V bottom for use with high waves and choppy water. Together with impressive capacities and cockpit space they make each GALA-F model a winner in the class of performing foldables.

CHALLENGER

Inflatable canoes

C320 • C380 • C450 • C520

C450 with 2 folding seats (opt.)

Our series of inflatable canoes was born and developed in Canada, an extension of and innovation on a symbol of Canadian identity. The avant-garde concept is creating a new facet in the canoe industry, as well as the inflatable boating industry, pioneering a more advanced and versatile canoeing lifestyle. GALA canoes retain classic canoe features while incorporating contemporary materials and technology for an unbeatable alternative:

- They are UNSINKABLE and are significantly more STABLE. They not flip over, unless you want it to!
- They are LIGHT, COMPACT and fit the car trunk. No need for strapping anything to the roof of a car!
- They PERFORM. Motor compatible, enabling you to reach your island or cottage doing up to 30 km/h!
- They are COMFORTABLE. Seating is situated higher and with lots of cockpit space around.
- They have remarkable carrying capacities! You will be impressed at how much gear you can take!
